MI Technical Solutions Hosts Second Annual Job Shadowing Day with Chesapeake Public Schools

Chesapeake High School students participate in the Job Shadowing Day at MITS

Chesapeake, VA February 29, 2024 – MI Technical Solutions (MITS) participated in the Chesapeake Public Schools Second Annual Job Shadowing Day on February 29, 2024. Three high school seniors were selected to spend the day shadowing four Information Technology (IT) professionals. These students gained hands-on experience in a variety of technology areas including 3D modeling and printing, network administration, IT help desk support and troubleshooting, and web design. Managers from both Human Resources and Innovations Divisions provided the students with an overview of the technology industry as well as suggested pathways for pursuing a successful career in IT. Specific topics discussed were certifications, resume building, and interview tips for the potential future IT professionals. MITS is an avid supporter of internship programs at the high school and college levels and actively cultivates strong partnerships with the Hampton Roads area schools.
