2024 Summer Interns Complete Development Projects with MITS Employees

MI Technical Solutions Receives 2025's Top Employer Award for Interns

Richmond, VA April 1, 2025 – Virginia Talent + Opportunity Partnership (V-TOP) has awarded MI Technical Solutions (MITS) the 2025 Top Employers for Interns Award for Region 5. This honor is given to local businesses for their commitment to providing work-based learning opportunities for students through internships. V-TOP's partnership with industry supports the goal of Virginia being the leader in education, talent, and business. MI Technical Solutions is honored to have received this distinction!

MITS hosts high school and college level internships year-round. Students who intern at MITS receive hands-on training in the engineering, cybersecurity, and information technology fields while working alongside industry experts in a dynamic and professional environment. MITS sees the internship program as an investment in future talent, as many interns have been offered the opportunity to become full time employees upon the completion of their programs. For more about internship opportunities, please visit: [Career Center](#) | [Recruitment](#).
